A bold, simple, clean, and clear Microsoft Office design is always better than a cluttered but confusing photoshop flyer. Alternative Thing 2020 ◇ 6 Free Volume Email Marketing & Newsletter Services What is the difference between posters and flyers? Posters are larger in size (ideally A2 size) than flyers. Generally they are posted on walls where targeted audiences can easily see them. On the other hand, leaflets are a form of paper advertising, usually A4 size and are designed for widespread distribution and are often posted or distributed in public through hands out to individuals.↓ 01 - Download Microsoft PowerPoint | Download Office LiveAttract's Attention with this flyer template that announces a special event - sales, openings, or other occasions.
